

# Become a Virtual Girl

Log into your Facebook account and click on the “hamburger” at the top of your screen.

You will then want to click on “Groups.”

## Groups

Your Groups Discover Create

DREAM TEAM  
Abbotts Unit

Life Hacks &  
Look Tips

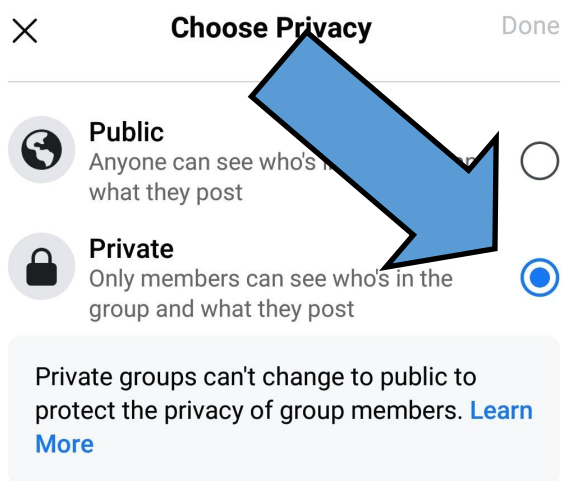

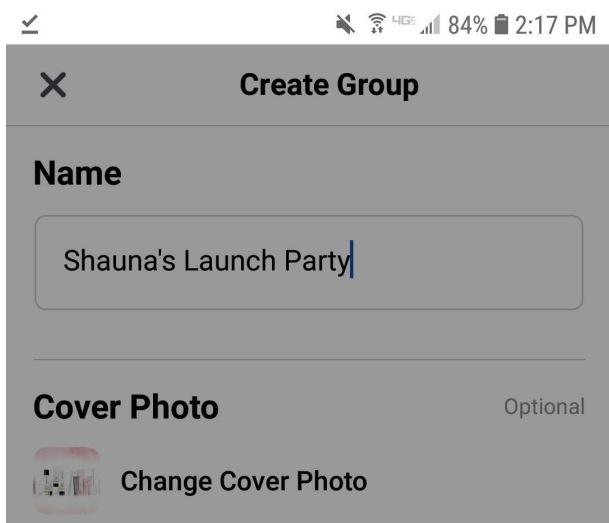

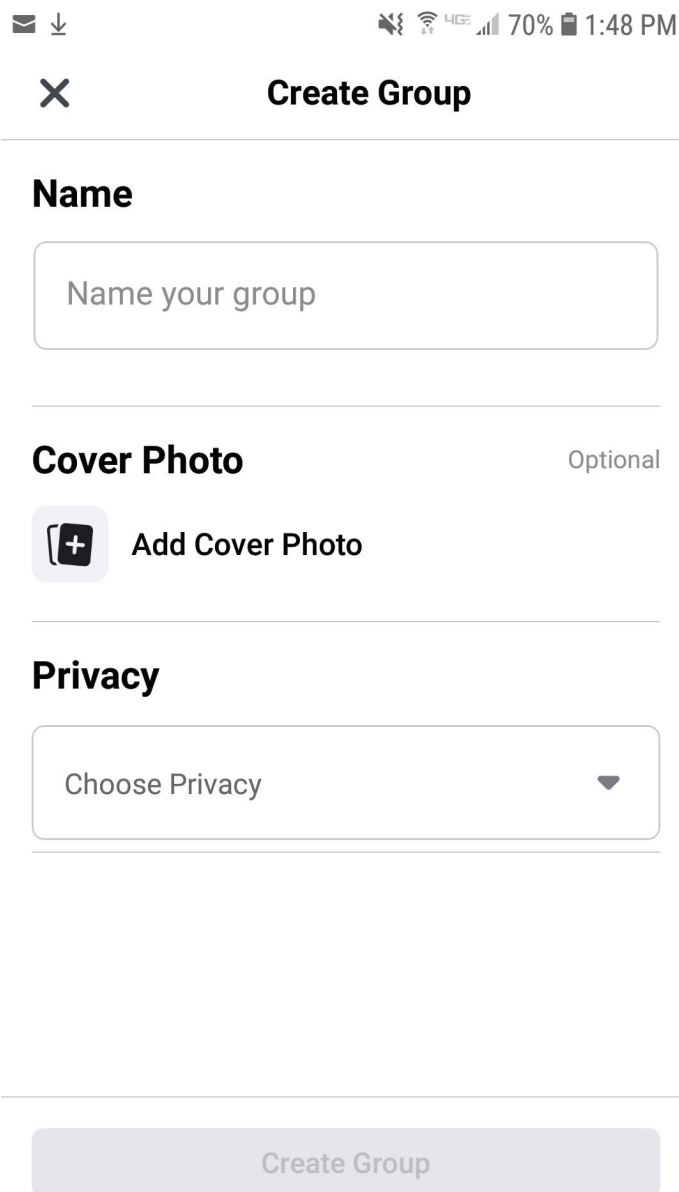

Marathoners

Fab, F  
Freeb

Next, click on  
“Create”

Then you will want to Name your group “(Your Name)’s Launch Party”, add a cover photo (browse Pinterest or Google for some great photos), and change your Privacy to “Private” as shown below.

Finally, click “Create Group.”

You will then be prompted to Invite Members to your group. Be sure to invite “Shauna Abbotts.” I suggest inviting family and friends that you know personally!

Invite Shauna Abbotts Be A Group Admin

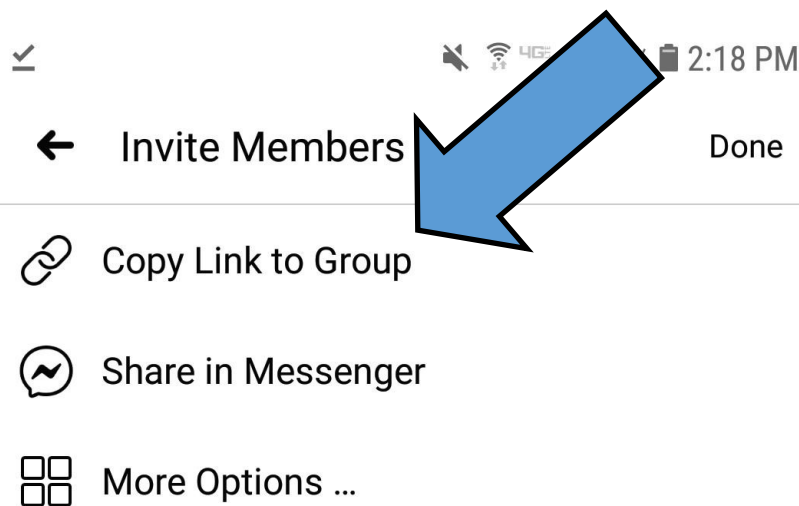

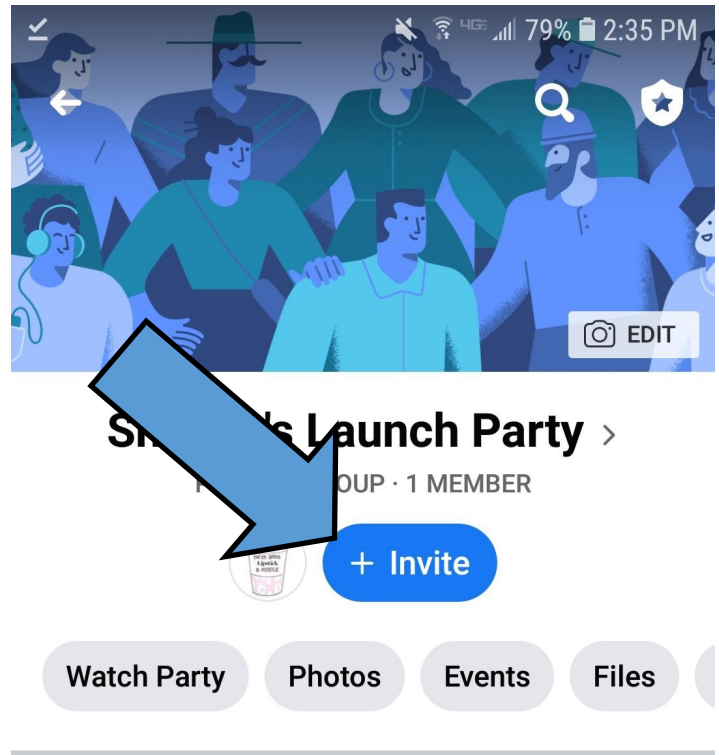

Alicia Weyant will be able to edit group settings, remove members, and give other members admin status.

CANCEL SEND INVITE

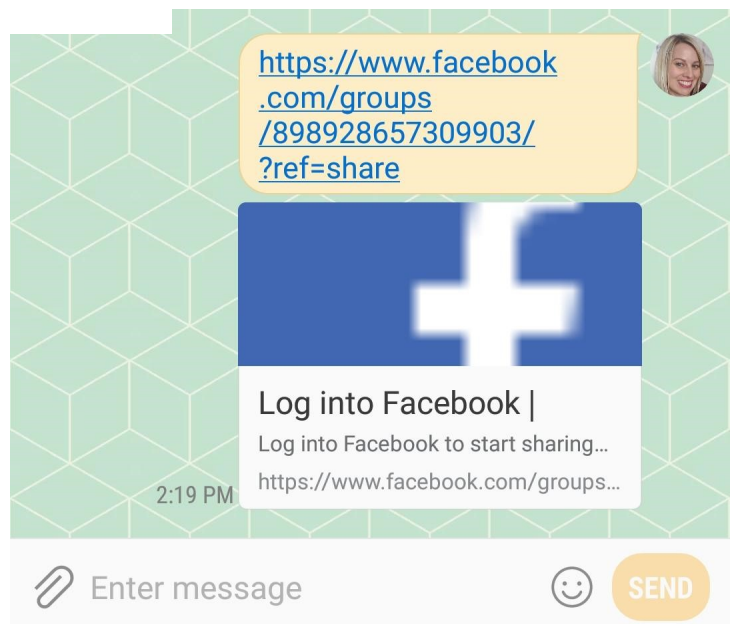

To invite people to your FB group via individual messages, follow these steps:

Click on “Invite”

Click “Copy Link to Group” this will copy the link to your phone’s clipboard.

Ask Shauna for the text script invite! Then, paste the text script and link into individual messages and send to your family and friends you want to invite!

You can also get to your group's share link by clicking on the "Admin Tools" button at the top right of your page as shown above, and then scroll down to click on the "Share" button.

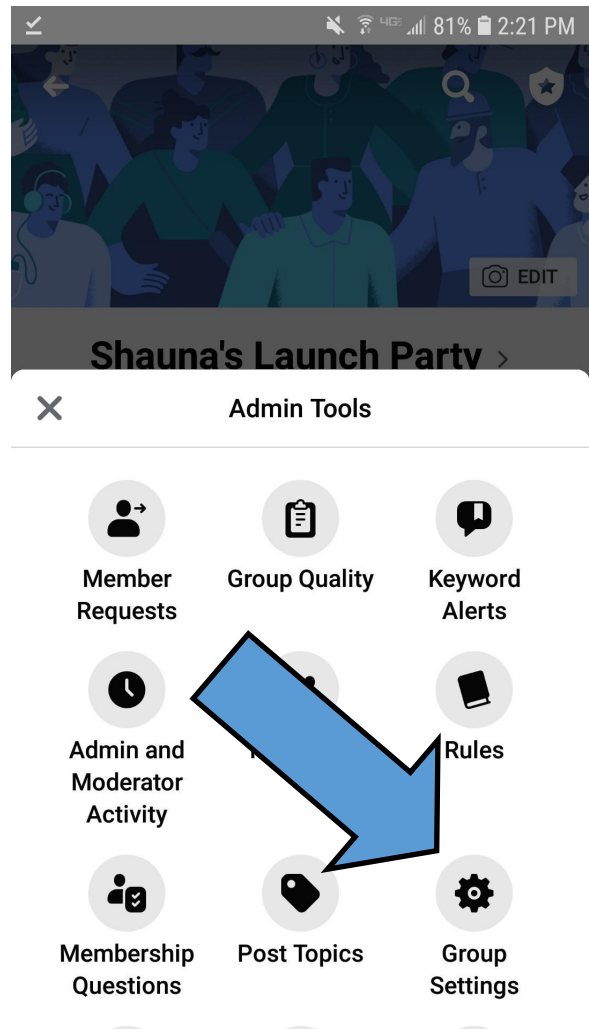

# After the Party...

Once you have finished your Launch Party with Shauna, you will want to change the name of your group to now be your VIP group for your business.

First click on the “Admin Tools” button at the top right of your screen as shown above, and then click on the “Group Settings” button.
